## High Definition Vending

So brilliant, so efficient and so exclusive - LED lighting is standard only in The Vista Series! Highlight your product to it's best advantage and sell up to 12% more!

Save time and money - the greenest technology in vending! LED lighting lasts up to 50,000 hours. That means less waste in the environment and less power consumption at the location.

## Productivity

Change all your pricing, on all your machines, from your PC!

Sound good? The Vista Series can make it happen with the **Seaga Smart Card** and **Seaga Smartware** software. Change prices, settings, deals and more and give your route driver the card - instant download!

Works the opposite, too - diagnose and troubleshoot right from the card!

## Guaranteed Vend

- Improve Reliability
- Re-credits or refunds
- Consistent home position
- Sensor self-calibration
- Reduces service calls
- No give-away products
- Keeps track of vends

## Increase Sales

80% of employees say that they consider on-site offerings of snacks and beverages a benefit to them. Encourage their purchases by using the Jackpot settings on The Vista Series! Meal deal settings are also available.
